REQUEST FOR REVIEW

RE: CC Docket No. 02-6

To Whom It May Concern:

I respectfully submit for your review the attached denial of appeal by the Schools and Libraries Division of the Universal Service Administrative Company (SLD).

The Davis Joint Unified School District provided the information requested by the SLD, but we were late in the filing due to a position vacancy. The staff member who filed the annual e-rate application, relocated out of state and due to budget constraints, the district waited approximately 6 months before filling the position. During that time, a request for more information was received from the SLD. Upon taking the position, I began to follow up with the SLD to determine what was needed to comply with their request. Once I was able to understand the outstanding issues and gather the necessary information, the deadline had passed and therefore our filing was late.

I am enclosing our initial appeal to the SLD and the most recent correspondence from them denying our request based solely on the timeliness issue. The Davis Joint Unified School District stands to lose in excess of \$70,000 in discounted telecommunications services if the SLD does not allow our e-rate application to be funded for Year 7. At a time when school districts all over the country are having budget problems, denying this request simply due to a timeline that was missed by 4 days would be extremely unfortunate and certainly not consistent with the intent of the e-rate program for schools and libraries.

Respectfully submitted by,

Solveig L. Monson

REQUEST FOR REVIEW

RE: Form 471 Application Number: 430159
Funding Year 2004: 7/1/2004-6/30/2005
Billed Entity Number: 144544
Applicant's Form Identifier: AWS-Y7-471

Issue 1: PIA review team question:

At the time of application, the *new Junior High School* was under construction and not yet named. The *new Junior High School* has since been completed and opened its doors to students for the 2004-05 school year which began in August, 2005. The *Francis Eleanor Watkins Harper Junior High School* is a secondary school serving children in grades 7-9 and does meet the statutory definition in the No Child Left Behind Act of 2001. A copy of the relevant construction documentation is attached.

Issue 2: FRN 1200892 question:

The request for funding for service from Nextel is for cellular service.

Issue 3: FRN 1200332 questions:

The request for funding for \$200.00 was based upon an estimate. If all that can be funded is \$152.42 that is acceptable. There is no further documentation to provide.
